Mr. Nigel Altman
President
No Skidding Products, Inc.
266 Wildcat Road
Toronto, ON M3J 2N5Canada

Dear Mr. Altman:

Congratulations! The products you submitted for Phase 2 Testing listed below have passed and are now certified as "High-Traction". Your certification will continue through September 24, 2012. The products were installed in a commercial facility for a period of 30 days, cleaned and tested under the NFSI 101A Test Method. Our on-site examination revealed Static Coefficient of Friction (SCOF) values greater than a 0.6 and therefore passed our Phase 2 level of certification. An electronic version of the NFSI Certified logo may be obtained to which you are granted permission to attach to the product labels, sales literature, website, etc.

NFSI Certified Products:
